Your Project, Our Role...

A private developer contacted our firm about re-developing an existing single family townhouse into a new trendy residential home. The house is a combination of rehabilitation and restoration. The final product was a perfectly matched townhouse ready for occupation.

Work involved lower basement gut for new kitchen, added and reconfigured bathrooms and new master bedroom suite.

The Preservation Collaborative provides residential clients with alternative design choices to meet and accept modern amenities. Our creative team will balance your needs with visual and physical comfort.
