

# Historic Curatorship Program

*Massachusetts*

## Project Highlights

The Historic Curatorship Program manages multiple properties.

Work documents each historic building for future preservation work.

Existing condition information allows for preservation management and self sufficient sustainability management.

## *Your Project, Our Role...*

Our firm worked with the Department of Conservation and Recreation to document some of their buildings to be leased.

The Historic Curatorship Program offers long term leases for the rehabilitation and care of under utilized buildings within many of the Commonwealth's parks.

We provided existing condition drawings and reports for some of these structures.

The Preservation Collaborative specializes in the documentation of historic properties. With a decade or more of experience in this area, we are knowledgeable about getting the task at hand complete.

We pride ourselves in working with small and large museums. Often having multiple resources to manage, our firm assists in ensuring sustainability, allowing historic properties remain at the forefront of your collection for decades to come.
