

Medford Condominiums

Medford, Massachusetts

Project Highlights

Dynamic REI developed a tired two-family house into two new luxury condos.

B. Goba & Associates, P.C. designed the project for Dynamic REI.

Our firm developed contract and condo documents for the project.

Both units sold in less than a week!

Street photo showing new addition which provided much needed space for each unit.

Your Project, Our Role...

Developing a property to turn it into a successful project is no easy task. Dynamic REI lead their design team to meet the challenges in revitalizing this tired two-family into luxury condos.

B. Goba & Associates, P.C. developed the project's design. The result were two state of the art units with new kitchens, bathrooms and master suites. Both units sold in less than a week, a testament to a successful design.

PC developed the contract documents for this property under BGA. Our firm has extensive knowledge in turning your projects from design sketches into construction drawings. We provide a full array of services to make your dreams a reality.
