

Kitchen Renovation

Medford, Massachusetts

Project Highlights

Remodel was in keeping with the character of the building.

Project included the addition of a new half-bathroom on the first floor.

Work required attention to details.

Finished kitchen (right) with detail shots of sink, cabinets and half-bath (below).

Your Project, Our Role...

A residential client contacted us about renovating their kitchen. The existing kitchen did not meet their tastes.

Our work included measuring existing conditions, providing conceptual designs and contract documents for construction.

The final product was a blend of new and old. New amenities fit in traditional designs forming an elegant kitchen space.

The Preservation Collaborative provides residential clients with new and old design choices to meet and accept modern amenities. Our creative team will balance your needs with visual and physical comfort.

Let the Preservation Collaborative design your dream home or addition today!
