

Townsend Historical Society *Townsend, Massachusetts*

Project Highlights

The Townsend Historical Society manages five historic properties of local significance.

Work documents each historic building for future preservation work.

Existing condition information allows for preservation management and self sufficient sustainability management.

Select buildings of the Townsend Historical Society: Cooperage, right, Church, lower, and Reed Homestead, lower right.

Your Project, Our Role...

The Townsend Historical Society preserves the heritage of Townsend through five historic buildings.

Work documented existing conditions of each building. Each building is unique, presenting challenges ranging from former industrial use through to historic homes.

Buildings vary by age, dating from the late 18th century through to the mid 19th century.

The Preservation Collaborative specializes in the documentation of historic properties. With a decade or more of experience in this area, we are knowledgeable about getting the task at hand complete.

We pride ourselves in working with small and large museums. Often having multiple resources to manage, our firm assists in ensuring sustainability, allowing historic properties remain at the forefront of your collection for decades to come.
